

## **ADVANCED PLANNING CONCEPTS: DEVELOPING INCIDENT ACTION PLANS**

**December 8-9, 2011 Omaha, Nebraska**

This 16-hour course is designed to immerse the participants in the usage and understanding of ICS forms, The Advanced Planning process, and several other critical advanced planning products and techniques.

Participants work to develop an accurate, graded, Incident Action Plan and appropriate adjoining products and displays while encountering a variety of stimulus that is experienced in real world incidents.

Course scenarios are based on the 15 national planning scenarios and address both targets and tasks as outlined by the Department of Homeland Security. The course will provide instruction on the new FEMA All Hazard ICS Forms released in 2010.

Course Location: Omaha Fire Department Training Center 11616 Rainwood Road, Omaha, NE.

There is no cost for attending this course, and lodging will be paid for by NEMA for those living over 60 miles from Omaha. Participants are responsible for meals.

Prerequisites for the course are ICS 300 and have a strong understanding of ICS
